

Right Livelihood

Margo Dawn

Mother, Father, God, the Beloved I AM, the One with no opposites. Perfect abundance, wealth, and plentiful supply abounds.

God and I are One, there is no separation. Within me I feel the abundance and wealth which I draw to me. God and I are co-creators; I give God the credit for my new wealth. Spirit directs my life in abundance, peacefulness, and creative ways. My source is God and all things come through Spirit.

Infinite Spirit, I know there is an infinity of wealth in the Universal Mind; therefore, there is wealth in my life, what is mine is returned, and what I owe is paid. I see financial security coming my way when I create beauty and love for those that wish my services.

Knowing God's ability to manifest immediately the perfect position or job, I leave everything in God's capable hands. For what is done for others, God does for me, now. My abilities and creations line my pockets with money and my purse never empties.

Thank you for directing my path, God.

And so it is.

Amen.
